

Dear parent/carer

Transition Feedback

As the current Year 3 enthusiastically continue their learning experience at Thomas Coram, I am already planning for the next cohort of children that will join us in September 2017.

In order to build upon the excellent start that we currently provide, I am keen to have your views (and your child's views) on the transition arrangements made as they moved from infant to junior school. This information will help to inform the transition arrangements that I will be organising, in liaison with Swing Gate School and Victoria School, in the near future.

I would be grateful for your response to the questions below.

1. What particularly helped your child in the transition from infant school to Thomas Coram?
2. What else might be offered to improve upon existing transition arrangements?
3. What did your child find most challenging in their first term at Thomas Coram?
4. Is there anything of your child's experience in Year 3 about which you would like to have been better informed?

It is possible that I may hold a limited parent forum to discuss further your views and suggestions, kindly complete the details if you are interested in participating.

Your name

Your child's name and class.....

Yours sincerely

Miss L Williamson
Assistant Headteacher
